# 2017 ALLIGATOR HARVEST UNIT CHOICES

## County-wide Alligator Harvest Units

Persons permitted to take alligators in county-wide harvest units will be allowed to take two alligators from any area that they could legally access in the specified county, including public and private lands and waters, but excluding specific water bodies established as alligator management units (listed on Page 1), private wetlands permitted for alligator management, and other protected public properties (exclusions are detailed below). Application and permit issuance procedures and participation requirements for the county-wide harvest units are the same as for other harvest units. **It is strongly recommended that you know specific locations where you can legally harvest alligators in a county prior to applying for a county-wide permit.**
